**Basis of Presentation**

---

The interim Combined Financial Statements presented herein represent the results of operations, cash flows and financial position of the Debtors. These financial statements pertain to periods beginning with, and subsequent to, the Filing Date and have been prepared in conformity with requirements of the Bankruptcy Court. Consequently, these financial statements do not purport to present the financial performance of W. R. Grace & Co. in conformity with U.S. generally accepted accounting principles which would require the consolidation of all controlled subsidiaries and more extensive notes and analysis related to the worldwide operations of W. R. Grace & Co. Financial activity of non-Debtor entities is not presented herein. However, all non-Debtor entities are either directly or indirectly controlled by the Debtors and, accordingly, non-Debtor financial results are reflected under the equity method of accounting. These financial statements are unaudited and should be read in conjunction with the consolidated financial statements presented in the Company's 2009 Annual Report on Form 10-K and other periodic filings with the U.S. Securities and Exchange Commission.

These interim Combined Financial Statements reflect all adjustments that, in the opinion of management, are necessary for a fair presentation of the results of the interim periods presented under U.S. generally accepted accounting principles; all such adjustments are of a normal recurring nature. All significant inter-Debtor accounts and transactions have been eliminated. Transactions and balances with non-Debtor entities are separately disclosed.

The results of operations for the one-month interim period ended January 31, 2010 are not necessarily indicative of the results of operations for the year ending December 31, 2010.

The Debtors entered into a debtor-in-possession (DIP) credit facility with a syndicate of lenders that provided for up to \$165 million of revolving loans and face amount of letter of credit. The DIP facility is secured by a priority lien on substantially all assets of the Debtors with the exclusion of the capital stock of non-U.S. subsidiaries, and bears interest based on the London Interbank Offered Rate (LIBOR). On February 16, 2010, the Bankruptcy Court granted Grace authority to terminate the DIP facility and replace it with a \$100 million cash-collateralized letter of credit facility with a commercial bank to support current outstanding and new letters of credit.

As of January 31, 2010, the Debtors had no revolving loans and \$70.9 million of standby letters of credit issued and outstanding under the DIP facility. These letters of credit reduced the aggregate unused availability for revolving loans and letters of credit, as of the April 1, 2008 effective date of the amended DIP facility, to \$94.1 million. The letters of credit were issued mainly for trade-related matters such as performance bonds, as well as certain insurance and environmental matters.
